## **BMX SUMMER GAME RACE – NORWAY - , 2<sup>nd</sup> and 3<sup>rd</sup> of August 2008**

The organization committee of the SummerGame event, Sandnes, Norway, 2<sup>nd</sup> and 3<sup>rd</sup> of August 2008 regret to announce that we have decided to cancel this event.

Our investigations, at this moment in time, clearly states that it would be impossible to establish a reasonable foundation when it comes to rider participation numbers.

With this as a fact we saw no other reasonable solution than cancellation of the event as such.

We can only express to all of you who planned to come to Norway that we are very sorry for the situation, but hope to see you and many more BMX riders in Sandnes next year.

We hope that you all understand and respect us for our focus on the sport of BMX as a main key element in this connection.

Regards  
Norges Cykleforbund

For the organizing committee

Heikki Dahle
